

Monaco-ITER International Conference 2013

Programme outline

8:30-9:00	9:00-9:30	9:30-10:00	10:00-10:30	10:30-11:00	11:00-11:30	11:30-12:00	12:00-12:30	12:30-13:00	13:00-14:00	14:00-14:30	14:30-15:00	15:00-15:30	15:30-16:00	16:00-16:30	16:30-17:00	17:00-17:30	17:30-18:00	18:00-18:30
01-Dec																		
												Registration opens						
The global energy landscape									02-Dec					The global energy landscape				
Opening DG O. Motojima & HSH Prince Albert II		Key note lecture M. van der Hoeven, Executive Director, IEA		Key note lecture Y. Amano, Director- General, IAEA		ITER status O. Motojima Director- General, IO		Lunch		Introduc- tion IC Chair H. Takatsu		Key note lecture C. Llewellyn Smith, former CERN Director- General		Pause		Fusion and energy policies in the 7 ITER Members and France: presentations and round table discussion		
								Press conference				Press briefing - The ITER Project				Press briefing - Spin- offs from ITER		Press briefing - Are fusion and ITER safe?
Exhibition																		

New technologies for a new industry							03-Dec			New technologies for a new industry								
Energy visions from industry leaders		Pause		Industry views on the ITER project		From design to procurement: the making of ITER		Lunch		Manufacturing the largest magnet in the world		Can SMEs join in a gigantic project?		Pause		How to deal with IP and export control		Fusion and capital: why financiers support ITER
Real benefits from international co- operation				Business opportunities and French support		Future call for tenders				Participant forum 2 Call for proposals		The socio-economic impact of fusion				How ITER and fusion drives technology for other industries		Virtual visit of ITER manufacturing
Exhibition																		

Forward developments of fusion							04-Dec			Looking to the future								
Other concepts for fusion		Inertial fusion		Pause		Plans for DEMO in China, EU, India, Japan, Korea, Russia and US		Lunch		Lessons from big science projects		Closing speech P. Gadonneix, Chairman, World Energy Council						
Fusion education		The WEST project		New materials & spin- offs		Participant forum 4 Call for proposals				Virtual visit of ITER and realisations								
Exhibition																		

	Opening/closing sessions		Press		General topic		Open call forum		Pause
	ITER sessions		Future developments		Exhibition		Virtual visit
