8th Asia-Pacific Transport Working Group (APTWG2018)  
International Conference

Leshan campus of SWIP, Leshan city, China, June 12-15, 2018

## Leshan campus of SWIP

## HL-1M tokamak, Leshan

### Topics:

- A: Edge/SOL turbulence and L-H/H-L transition,
- B: Core-edge turbulence coupling, and transport in high beta plasmas,
- C: Transport and turbulence in 3D magnetic topology,
- D: Interaction between energetic particles, MHD instabilities and turbulence,
- E: Model reduction and experiments for validation.

### Important Dates

- 20 January Web service open
- 20 March Visa application
- 25 April Abstract submission
- 30 April Online registration

### Local organization committee:

- Zhongbing Shi (SWIP), Chair
